CRITERION VII – INSTITUTIONAL VALUES AND BEST PRACTICES

7.1 - Institutional Values and Social Responsibilities

7.1.1 Measures Initiated by the Institution for the promotion of Gender Equity during the year.

The WDC, SBSEC believes in and stands and strives for upliftment, emancipation, and empowerment of women and also the other marginalized and discriminated genders. We believe in achieving it by sensitizing our students about issues such as gender discrimination, misogyny, sexual harassment, abuse, personal space, consent, and so on. By training the students to raise their voice and question the existing patriarchal order. Also encouraging them to self-evaluate, identify and shred the inherent patriarchy and misogyny which exists within them due to social conditioning. WDC also Channelizes efforts to create a Safe Space for Women and other Marginalized Genders where they can express themselves and arm themselves with Courage, Confidence, and Determination to fight the odds of this Patriarchal world.

Science, is the nodal officer of the programme and Mr. Hritik Saw, BA (Hons.) Political Science, III year, is the student coordinator of the programme.

Founded in July 2020, The Sustainable Development Centre of Shaheed Bhagat Singh Evening College, University of Delhi aims at taking a step forward towards promoting and helps the world come together and achieve Sustainable Development Goals as identified by the United Nations by 2030. We believe that to achieve a goal as big as SUSTAINABLE DEVELOPMENT we cannot just expect that to happen overnight instead believe that the entire human resource in active action is required to encourage the baby steps here. The very first SUSTAINABLE DEVELOPMENT CENTRE (SBSEC) is just another baby step in the direction of achieving SDGs; we are very far yet very close as here in SDC we believe that it's better to do something than nothing! Thinking about the economic viability, environmental protection and social equity the need of the hour and we sincerely believe that this little effort through the channel of SUSTAINABLE DEVELOPMENT CENTRE will make little but visible change happen.

7.2 BEST PRACTICES

7.2.1 Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

1. Title of the Practice - **RAIN WATER HARVESTING**
2. Objectives of the Practice -
The objective of taking up this significant Practice of Rain water Harvesting is to conserve the running water during rainy season so as to control water logging along with saving water for future purposes.
3. The Context -
The challenges faced included selection of the appropriate location for the construction of the recharge tank where the flow of rain water was maximum and at the same time constructing the tank in a way that water remains covered and uncontaminated for future use.
4. The Practice -
The Practice is unique and at the same time very essential in the given time where we are all facing water crisis in urban areas. The students are getting a real time chance of learning water conservation strategy which they have read in books so far.
5. Evidence of Success -
The Rainwater Harvesting tank has been constructed in the academic session 2017-18 so as to conserve the overflowing rain water which was either going in drains or creating water pools here and there. This was also a worrisome situation as mosquitoes were getting breeding pools. So far the achievement has been that this stored water is being used for gardening purpose and the college campus is not witnessing any major water logging issue.

Key Indicator - 7.3 Institutional Distinctiveness

7.3.1 Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words.

The institution is focusing on holistic development of its students alongside providing them best platforms to perform and hone their skills. The NSS is playing a crucial role in this. In this covid era where people are looking for oxygen cylinder, hospital beds, ventilators, covid related medicines, etc. and also falling prey to some unethical humans who are taking undue advantages from people in needs and bringing shame to humanity, on the other side N.S.S. Unit of SBSEC is working days and nights to save and conserve humanity.

Understanding the situations of covid-19, NSS volunteers of Shaheed Bhagat Singh Evening College (University of Delhi) has started a campaign- Mission Save Humanity where they are providing verified sources of oxygen cylinders, hospital beds, ventilator beds, ICU beds, doctors numbers, ambulances services, other important covid related medicines, plasma and even free foods to covid affected people and their relatives.

More than 20 N.S.S volunteers are working for more than propagation the verified sources of all the time.

In last 30 lasts days volunteers have helped more than 700+ covid affected people in Delhi NCR through this initiative. Volunteers are using all social media platforms like Instagram, Twitter, Facebook, and WhatsApp for this purpose.

NSS and its team believes that in the face of this global adversity our health care and frontline workers have been silently standing form as our first line of defence. They are the wall pf protecting and preserving every life, just as they would their own and most of the times even at the cost of their own lines. So, it is our duty also to use our youth power and help people in needs. For this mankind initiative, volunteers are also getting many thanksgiving calls and messages for their support. Volunteers are committed to keep working till this Corona period gets over.

NSS volunteer SAKSHI GANGWAR represented Delhi on 26th January 2021 in Republic Day Parade on Rajpath.
